The Program for Infant/Toddler Care (PITC) equates good care with trained infant/toddler care teachers who prepare themselves and the environment so infants can learn. PITC trains infant/toddler leaders and educators to get "in tune" with each infant or toddler they serve and learn from the individual child what he or she needs, thinks, and feels.

Infant mortality is the death of young children under the age of 1. This death toll is measured by the infant mortality rate (IMR), which is the probability of deaths of children under one year of age per 1000 live births. The under-five mortality rate, which is referred to as the child mortality rate, is also an important statistic, considering the infant mortality rate focuses only on ...
