Book 2 1. Virtue being, as we have seen, of two kinds, intellectual and moral, intellectual virtue is for the most part both produced and increased by instruction, and therefore requires experience and time; whereas moral or ethical virtue is the product of habit [ethos], and has indeed derived its name, with a slight variation of form, from that word. 1 1. Aristotle, Nicomachean Ethics, Book 2

Aristotle first used the term ethics to name a field of study developed by his predecessors Socrates and Plato. In philosophy, ethics is the attempt to offer a rational response to the question of how humans should best live. Aristotle regarded ethics and politics as two related but separate fields of study, since ethics examines the good of the individual, while politics examines the good of ...
