Birthstones tend to be a very personal choice, even to the point that people who don't like the color of their true birthstone will find any excuse to claim another. For example, the true November birthstone is citrine or golden topaz, yet many people choose blue topaz even though that lovely blue color is the result of treatment of a golden or colorless natural topaz crystal.

...

True forgiveness goes a step further, he says, offering something positive—empathy, compassion, understanding—toward the person who hurt you. That element makes forgiveness both a virtue and a powerful construct in positive psychology. Outside scientific circles, though, many people are a bit confused about the concept.

Forgiveness can improve mental and physical health

color analysis: the 16 subgroups As you have noticed, the theory of the 4 seasons is a bit reductive : it claims to include the whole world in only four categories! In the last thirty years in fact, various tonal theories have been born that have widened the
