Pixel art can be found as far back as the oldest arcade games, like Space Invaders.

The pixel art was what made those games unique and they just worked. Before, I mentioned Final Fantasy Tactics. This game was stunning, in that it blended pixel art, 3D environments, and isometric camera views. But pixel art isn't relegated to the

3D modeling is the use of computers to create images and graphics that look to have three dimensions.. Advanced 3D animation software programs like Autodesk Maya and 3ds Max as well as some coding knowledge are required to be able to create your own 3D models.. The basic process involves connecting sets of points with lines, curved surfaces, and
