When the 2022 Ford F-150 Lightning was revealed last month, we received a pretty substantial amount of information on the first-ever all-electric Ford F-150. That includes projected power and range figures, the latter of which may be a tad underrated, as Ford Authority recently reported. Regardless, there is much more data to share in regards to F-150 Lightning specs that's well worth diving ...

The Ford Explorer has been a staple for the company and for people who drive SUVs for a long time. Ford makes both a smaller and a larger SUV that look basically the same, but the Explorer has a great following because of its mid-sized appeal. It's a good choice for families and it works well for business, too.
