Depression is a common and heterogeneous condition with a chronic and recurrent natural course that is frequently seen in the primary care setting. Primary care providers play a central role in managing depression and concurrent physical comorbidities, and they face challenges in diagnosing and treating the condition. In this two part series, we review the evidence available to help to guide ...

Depression in primary care: part 2—management | The BMJ

Venous thromboembolism (VTE) is responsible for the hospitalization of >250 000 Americans annually and represents a significant risk for morbidity and mortality. 1 Despite the publication of evidence-based clinical practice guidelines to aid in the management of VTE in its acute and chronic forms, 2,3 the clinician is frequently confronted with manifestations of VTE for which data are sparse ...

The literature on implementing Electronic Health Records (EHR) in hospitals is very diverse. The objective of this study is to create an overview of the existing literature on EHR implementation in hospitals and to identify generally applicable findings and lessons for implementers. A systematic literature review of empirical research on EHR implementation was conducted.

Implementing electronic health records in hospitals: a ...

Football is a family of team sports that involve, to varying degrees, kicking a ball to score a goal. Unqualified, the word football normally means the form of football that is the most popular where the word is used. Sports commonly called football include association football (known as soccer in North America and Oceania); gridiron football (specifically American football or Canadian football ...
