eHealth (also written e-health) is a relatively recent healthcare practice supported by electronic processes and communication, dating back to at least 1999. Usage of the term varies as it just not covers the "Internet medicine" as it was conceived during that time, but also covers "virtually everything related to computers and medicine". A study in 2005 found 51 unique definitions.

eHealth - Wikipedia

Change management is a discipline of management that guides an organization to plan, prepare, process, equip and support individuals to effectively adopt changes in order to meet organizational success along with the desired outcomes. As a management student, sooner or later you will get an assignment on change management.
