Management of Patients with Confirmed 2019-nCoV | CDC

Perhaps Microsoft's senior management team has been watching too many old cowboy films. When they announced that the company was putting up a bounty of \$250,000 for information leading to the arrest of some of the world's most destructive virus writers, the atmosphere had more than a whiff of Wild West desperation about it. But the \$5 million anti-virus reward fund that Microsoft has
