### Thinking Architecture Peter Zumthor

In order to design a building with a sensuous connection to life, one must think in a way that goes far beyond form and construction. In these essays Peter Zumthor expresses his motivation in designing buildings, which speak to our emotions and understanding in so many ways, and possess a powerful and unmistakable presence and personality.

### Thinking Architecture by Peter Zumthor - Goodreads

Now in its third edition, Thinking Architecture has been expanded to include two new essays: "Architecture and Landscape" and "The Leis Houses." "Architecture and Landscape" deals with the relationship between the structure and its surroundings, with the secret of the successful placement and topographical integration of architecture. In "The Leis Houses" Peter Zumthor describes the genesis of two wooden houses in the town of Leis in the Swiss canton of Graubunden, thus thematizing the ...

"Architecture is exposed to life. If its body is sensitive enough, it can assume a quality that bears witness to the reality of past life." Thinking Architecture, Peter Zumthor. On one hand, Peter Zumthor's Thinking Architecture is a collection of lectures and essays, written between 1988 and 2009. On the other hand, it is a collection of spatial impressions; absorbed moods and design approaches.

Peter Zumthor's Thinking Architecture is a quiet, unassuming book, just as Peter's architecture, a collection of well-grounded, serene and sophisticated statements of tectonic realness emanating from the imprints of memories on his decalogue of intuitions.

### 16: Thinking Architecture — Review Architecture

Zumthor is a humble giant, and his concern with the phenomenological experience of the user, as well as with the performative aspects of building, point the way to a twenty-first century architecture that is kinder and more responsible than the architectures of the twentieth.

### Architektur denken - Peter Zumthor - Google Books

Peter Zumthor is a Swiss architect whose work has gained fame for being minimal and uncompromising. He has run his own relatively small firm since 1979. In 2009, he won the Pritzker Prize for Architecture, becoming living proof that it is not the size of the firm that matters in architecture but rather the quality of work by the architect.
